EDUCATION

Aug 2021 – Nov 2025

FEU Institute of Technology

Bachelor of Science in Information Technology with Specialization in Web and Mobile Application

PROFESSIONAL EXPERIENCE

Apr 2025 – Jul 2025 | Web Developer Intern – Taters Enterprises Inc.

- Developed and automated a Purchase Requisition system using React, Redux, and PHP, improving request processing efficiency.
- Coordinated testing and validation, ensuring compliance with industry standards.
- Designed responsive front-end interfaces with Tailwind CSS, enhancing user experience and reducing form submission errors.

Jan 2025 – Apr 2025 | IT Support Intern – Taters Enterprises Inc.

- Developed Google Apps Script solutions to automate Excel workflows, reducing manual processing time.
- Provided IT support across departments, ensuring smooth daily operations and quick resolution of technical issues.

PROJECTS

Purchase Requisition Automation (2025)

- Developed and deployed a Purchase Requisition automation module using React, Redux, Tailwind CSS, and PHP to streamline request and approval workflows.
- Integrated front-end and back-end processes with API calls, reducing manual form handling and increasing efficiency.

FitQuest (2024)

- Led development of a fitness mobile application integrating the Sency Motion SDK to track workout repetitions and proper form using the phone's camera.
- Built the application in Kotlin, ensuring accurate motion detection and real-time feedback for users.

PROFESSIONAL SKILLS

SEO	PHP	Kotlin	JavaScript (React)	Redux
Tailwind CSS	Axios	Google Apps Script	Maven	Gradle
API Integration	Database Management	State Management	Web & Mobile Development	
Problem Solving	Technical Support	Collaboration	Time Management
